Vibrant Business Colour

Adding impact to your everyday print communications, putting vibrant and productive colour printing within easy and affordable reach.

Class-leading Functionality

Perfect for small offices with demanding print requirements, RICOH P C301W and M C250FW help to save space without compromising on quality or performance. To keep pace with demand, vibrant colour and black-and-white output is delivered at up to 25 pages per minute. And, with Near Field Communication (NFC) which makes connection as easy as tap and go, brilliant everyday colour is now within everyone's reach.

Productive Time-saving Features

To simplify your print environment, Ricoh offers single and multi-function versions of the same advanced print engine. RICOH M C250FW is a compact fax-enabled 4-in-1 MFP. Its large colour touchscreen simplifies operation and to ensure time saving, the standard Single Pass Document Feeder (SPDF) quickly scans double-sided originals in a single pass. The addition of an optional second paper tray expands capacity and provides flexibility to enable different sizes and types of paper stocks to be ready for use.

Easy Installation and Support

Easy to install, RICOH P C301W and M C250FW will work seamlessly in any virtual environment. Windows, Mac and even Linux are supported to improve access and users can connect using AirPrint, Mopria and Google Cloud Print. With Wi-Fi Direct and Near Field Communication (NFC) built in, it has never been easier to join a network. Furthermore, with their high yield cartridges, these reliable desktop devices offer best-in-class total costs of ownership.

Security in our DNA

Recognising modern business security challenges, RICOH P C301W and M C250FW ensures business information remains secure with robust security layers in place. Manage your confidential documents with the Locked Print function and only release when authentication is done at the device.
